**ABERDEEN GLOBAL DYNAMIC DIVIDEND FUND ANNOUNCES PAYMENT OF MONTHLY DISTRIBUTION**

(Philadelphia, May 31, 2018) – [Aberdeen Global Dynamic Dividend Fund \(NYSE: AGD\)](#) (the “Fund”), a closed-end fund, today announced that it paid on May 31, 2018, a distribution of US\$0.065 per share to all shareholders of record as of May 23, 2018.

This is the first distribution being made to shareholders since the transition, on May 4, 2018, of the investment advisory agreement from Alpine Woods Capital Investors, LLC to Aberdeen Asset Managers Limited. The Fund changed its name from Alpine Global Dynamic Dividend Fund to Aberdeen Global Dynamic Dividend Fund effective May 7, 2018 and continues to trade on the NYSE under the symbol “AGD”.

Commencing with the June 2018 distribution, the record date and payable date for the Fund will change. Each monthly distribution will be declared on the seventh business day and will be payable on or around the last business day of the month, with the exception of the December distribution, which will be declared on the seventh business day of December and will be payable in January.

Under U.S. tax rules applicable to the Fund, the amount and character of distributable income for each fiscal year can be finally determined only as of the end of the Fund’s fiscal year. However, under Section 19 of the Investment Company Act of 1940, as amended (the “1940 Act”) and related Rules, the Fund may be required to indicate to shareholders the source of certain distributions to shareholders.

The following table sets forth the estimated amounts of the sources of the distribution for purposes of Section 19 of the 1940 Act and the Rules adopted thereunder. The table has been computed based on generally accepted accounting principles. The table includes estimated amounts and percentages for this distribution and for the cumulative distributions paid relating to fiscal year to date (11/01/2017 – 04/30/2018), from the following sources: net investment income; net realized short-term capital gains; net realized long-term capital gains; and return of capital.
